## Software Engineer

### Skills

---

Java - SpringBoot - Hibernate - PrimeFaces - HTML - CSS - Git - Informix - Linux - Terminal - Virtual Machines - Javascript Jr - MySQL - PostgreSQL - NodeJs - React Jr - Vue Jr - Android Jr

### Work Experience

---

October -2020 - Present

#### **Certuit Consultores.**

##### **Software Engineer**

As a software engineer I developed new features on the system UABC-PbR-SED, made performance improvements like changing the loading of lists of objects from hibernate to stored procedures; improvements in loading times were up to 10 times faster.

Migrate the database from mysql to postgresql and then to informix.

Supervisor: Jorge Aguilar.

Phone: (686) 566-3420

January - 2020 - May - 2020

#### **Certuit Consultores.**
